

I am extremely concern with the Sinclair group attempt to air a critical piuece of propaganda against senator Kerry. I hope that you fullfill your duty by not aallowing the abuse of our airwaves by the opponents of my candidate. I am sure that it would not be fair to air Mr Moore "Farenhait 911 movie on the battleground states two days before the election. I just want to remind you that this is not Cuba or Vietnam.  
Thanks
